HSBC Bank Malaysia Berhad recently contributed RM20,000 to Persatuan Daybreak as part of its corporate sustainability initiatives.

The donation will be used to fund training programmes for the disabled at Persatuan Daybreak, an NGO that provides vocational training to the disabled in the vicinity of Ipoh, Perak.

A tour of the centre was arranged to introduce the numerous activities carried out and products produced by the disabled at the centre. These include a socks manufacturing line, plant nurseries, a packaging unit, and handicraft production.
