

HSBC Supports Raleigh International

Children reading at a newly built library funded by HSBC and built by Raleigh International

HSBC Bank Malaysia Berhad pledged RM80,000 this year towards three projects with Raleigh International.

The Bank has long supported Raleigh to build educational and physical facilities for villages located in the rural areas of Sabah. This year, HSBC's contribution will go towards:

- (a) a school hostel for primary school children at the edge of the Crocker Range, Kg Togudon
- (b) a school library on Mantanani Island off the coast of Kota Belud
- (c) the funding of school teachers for rural kindergartens and schools in Sabah

Part of this funding will also go towards the sponsorship of four local venturers, providing them with the opportunity to participate in Raleigh International's projects conducted in Malaysia.
