

## Update on IBAN Requirement for Payments to Oman

Date: 24 June 2025

Dear Valued Customers,

Following the announcement by The Central Bank of Oman (CBO) on implementation of International Bank Account Number (IBAN), we wish to inform you that effective 30 June 2025, all international payments to Oman in non-OMR currency without IBAN will be rejected by clearing agent. Transaction rejection may result in potential fee and foreign exchange losses.

To ensure your payments are processed successfully, please ensure that the IBAN is correctly entered in the account number field for any transfers to Oman. This applies to both existing and new payee instructions.

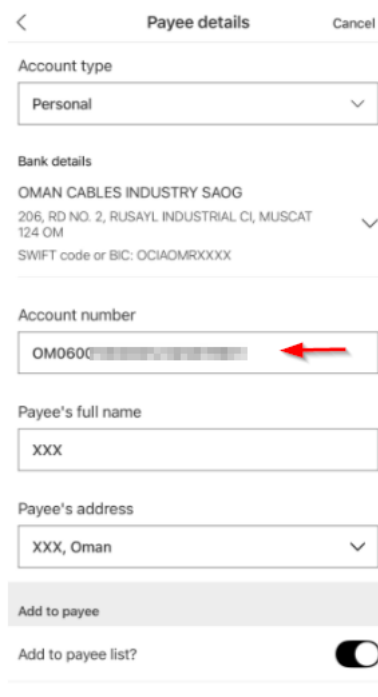

## What This Means for You?

A valid Oman IBAN must be provided when making a Global Money Transfers (GMT) or Telegraphic Transfer (TT) payment to Oman. The IBAN should be entered in the account number field. BIC (SWIFT code) can still be provided in the bank code field, but it does not replace the requirement of IBAN.

Telegraphic Transfer (TT):
