Important Notes

1. TPD coverage is up to age 71 years old and subject to a maximum of RM8 million per life assured. In the event your coverage amount is more than RM8 million, the remaining balance will be paid out upon death.
2. This brochure is for illustration purposes only and the information included is neither comprehensive nor exhaustive. You need to refer to the Product Disclosure Sheet (PDS) and the Sales Illustration (SI) for further details.
3. Please refer to the PDS, SI and policy contract for the full list of exclusions.
4. We have the right to revise the rates, charges, fees and terms and conditions of the policy. You will be informed in writing of the relevant revision at least three (3) months before the revision takes effect.
5. You should be certain that this plan is suitable for you, and that the premium payable under this plan is an amount which you can afford. Buying a life insurance is a long-term commitment and it is not advisable to surrender your policy in the initial years in view of the high initial costs.
6. You may cancel your policy by giving Allianz Life Insurance Malaysia Berhad (ALIM) a written request and returning the policy to ALIM within the fifteen (15) days' free look period, from the date of your receipt of the policy. ALIM will refund to you the unallocated premiums, the value of units that have been allocated (if any) at the unit price on the next valuation date and any insurance charge and monthly service charge that have been deducted, less any medical fees incurred.
7. In cases where the purchase involves a premium of sizable amount, you should consider purchasing a single premium investment-linked policy rather than a regular premium policy as it offers better allocation rates for investments.
8. In the event of non-payment of premium on the due date, your policy shall be kept in force by effecting a premium holiday. However, there would be a possibility of the policy lapsing if the account value is insufficient to pay for all the policy charges due.
9. You are given a grace period of thirty-one (31) days to pay your premium, during which the policy will remain in force. However, the policy shall lapse at the end of the grace period if any policy charges shall remain unpaid at the end of the grace period. As such, it is advisable to pay the premium for your policy on time.
10. A Conditional In-Force Guarantee will be in place for the first six (6) policy years provided that all premiums due are paid up-to-date (within the 31-day grace period) and no withdrawal from the account value is performed during the Conditional In-Force Guarantee period.
11. Please add the applicable government tax if the policy owner is a business organisation or where the policy is absolutely assigned to a business organisation. The applicable government tax shall be based on the prevailing rate and is subject to change in accordance with the laws of Malaysia.
12. In the event that the account value of your policy is insufficient to pay for the policy charges, you may need to top up your premiums during the period of your policy's coverage term for continuous coverage up to the policy maturity date. Please refer to the PDS and policy contract for the detailed explanation on policy sustainability.
13. The policy will be renewed automatically and immediately after the maturity/expiry date, up to the policy anniversary when the life assured attains age one hundred (100) years old. Any rider(s) attached to the policy which is still in force at the time of the policy renewal will also be renewed upon the terms thereof up to the policy anniversary of the rider(s) when the life assured attains the maximum age allowed for coverage under the rider(s). Any account value as of the maturity/expiry date will be carried forward upon the policy renewal. If you do not wish to renew the policy including the rider(s), you must notify ALIM of your intention not to renew within three (3) months before the maturity/expiry date of the policy. The premium at the time of the policy renewal is not guaranteed and ALIM reserves the right to revise the premium applicable at the time of the policy renewal. ALIM will notify you of the revised premium by giving you at least three (3) months' written notice prior to the policy renewal.

Note: This is an insurance product that is tied to the performance of the underlying assets, and is not a pure investment product such as unit trusts.
